

# Cooperation is working together to do more than you can do alone.

Romans 8:28

DAY  
**1**

## Working Together

People work with each other every day and in different ways. What are some ways that you see others around you working together? What can you do to work together with someone today? Maybe you and a sibling can work together to help your parent. Maybe you can work with a friend to clean up after snack time at school. Find a way to work together with someone you know to help someone else.

**LOOK** for ways to work together with someone.

DAY  
**3**

## For the Good

Look up and read this week's verse. Once you have read it a few times, think of things in this world that God created to work together. For example, the sun and the earth or the rain and crops. On a separate piece of paper, draw a picture of something that you see working together. Then, hang it in your room to look at throughout the week.

**THANK** God for creating so many things that can work together.

DAY  
**2**

## Built Stronger

When building or creating something, it is easier to do it with someone. Find a friend or family member and build a fort together! While building, make sure everyone's ideas are included so when it is complete you can see that working together makes something better (and more fun!)

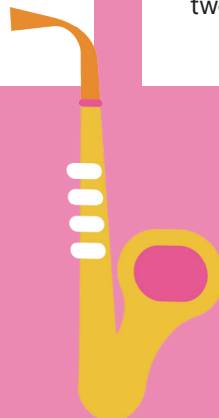

**ASK** God to help you find others to work with to create amazing things.

DAY  
**4**

## Pray for the Good

Let's thank God for creating our friends and family and creating the universe that has so many special things working together all around.

~~~~~  
"Dear God, You have created such an amazing universe. So many things work together to create it. Thank You for creating me and my friends and family so that we can work together to do amazing things for You. Help me remember that two are better than one. Amen."

God wants us to work together.
